Description

The Gator G-tour Lift Road Case is an innovative storage and presentation solution for large LCD and Plasma displays. With its internal hydraulic assisted lift assembly, built-in 25 foot retractable power cable, detachable laptop tray and presentation skirt, the G-Lift case is ideal for portable presentation and AV rental applications. Available to fit screens up to 55 and 65 in. This ATA flight rated case that is designed to hold your optional monitor while on location. Transport your flat screen safely in a durable case constructed from thick plywood and tough PVC laminate exterior and has a reusable dry erase label for identification purposes. The interior of the case is carpeted to protect the monitor when stored inside. The lift mechanism is non-electric and has four preset positions that are easily adjustable and that will lock into place. The case also includes a drape that covers the case and frame to give your presentation a professional touch. A laptop tray is included and can be placed in the front or either side and, when not needed, stores inside the case. The G-Tour Lift Cases come with Gator's limited lifetime warranty.

Features

- Non-Electric Hydraulic Assisted Lift Case, Extends Smoothly with a Load of Up to 125 lbs
