## Description

Parker Plastics' SC-T Series heavy duty ATA shipping containers feature completely removable lids. Most of these cases are have a base/lid split close to the middle of the case. Constructed of high density polyethylene for unmatched strength and durability and available in an abundant variety of sizes. These cases have been used to ship everything you can imagine since the 1960's. Because they are built to last and are the safest way to transport your valuable equipment and products, they still are a favorite here.

## Features

- ATA Spec 300
- Take off lid with base/lid split close to the middle of case.
- Water-resistant design
- Quarter turn military style latches
- Rubber gaskets to seal out dirt and moisture
- Valance is made with heavy duty, powder coated aluminum.
